EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Mr. McGue on January 9, 2004.

In claim 1, line 2 has been replaced by the followings:

-- at each end of the vehicle, a centrally pivoted four wheel center-line electrified guide-beam follower, --.

In claims 2-4, line 1, "propulsion system" has been changed to -- structure --.

In claim 2, line 2, "the rollway" has been changed to --a rollway--.

In claim 3, last line, "rolling" has been changed to --load-bearing--.

In claim 4, lines 2 and 3, the words "the" in front of the words "insulated", "laminations", and "rollway" have been deleted.

3. As discussed with Mr. McGue, on January 9, 2004, the above amendments were made to merely correct informalities in the instant claims so as to place the application in better condition for allowance.

REASON FOR ALLOWANCE

4. The following is an examiner's statement of reasons for allowance: Shaw, Shimizu, Sobolewski, Nelson, Wagner, Izhelya, Tassin, Kobayashi, Kasai, Leffler disclose vehicles with various arrangements of linear motors suspended from the vehicles. However, the prior art of record, taken singly or in combination, does not suggest a transit vehicle having the combination of features arranged with magnetic linear motors, as recited in independent claim 1, including a magnetic linear motor suspended between each pair of load-bearing wheels by two locating arms pivoted from their adjacent axle arms and imposing the motor weight and thrust on an interaxle support arm attached under the axle arms thereby transferring the magnetic linear motor induced acceleration force from the axle arms through diagonal rods to the vehicle underframe to cause vehicle travel along a rollway. Accordingly, independent claim 1 along with claims 2-4 depending therefrom are considered to be defined over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
